Small schools concept continues into it's second year

Fall of 2005 saw not a new beginning as last year, but it saw a continuance of the reorganization of The Euclid High School into six small schools. The year started more smoothly than the previous year, and things truly began to come together. Students gained a sense of pride for the small school that they belonged to, whether their school was STEM, BCS, IA3, PATH, ARTS, or AHID. Few criticisms about the transformation were heard in the hallways, and compliments were heard more often. Many students, especially freshmen, had most of their classes in their small school, so it was easier to get adjusted to high school life. Each small school continued to develop its own traditions and leadership style. Special events and assemblies were planned for each school, and the lockers in each school were painted different colors, for example. Students and staff found it more convenient to have small school offices because nearly every time that there was a problem, it was able to be solved in one office. The goal of the transformation process has been achieved, and although things could still use a little more polishing, students feel more like the individuals they are in the small school environment.

The life of a high school student was very complex at times. There was so much to do if they looked for something to do. School was such a busy time. Classes, of course, were the most important part of the day. But after classes there were many opportunities that students could take advantage of. There was the social part of beginning the day with friends at a locker. Homework was then a time to catch up with news from friends and school. Throughout the day many students helped out in the many offices in the school. Lunch was a relaxing time to replenish nutrients needed to exist. After school many students participated in athletics or clubs or organizations that supplied positive reinforcement. If they didn't remain at school many students had a job that they had to keep up with. The life of a high school student was as complicated as they wanted to make it.

Many students showed their Panther Pride for the 2000 Homecoming weekend during spirit week. Monday morning spirit week was Hat Day, Tuesday was Jersey Day, Wednesday was Twin Day, Thursday was Red, White, and Blue Day, and Friday was Blue and Gold Day. The Homecoming game was on Friday, October 7, 2000. It rained all day before the game, so it seemed like the weather would be a little messy. Everyone showed up ready and eager to go to the game, and the weather couldn't be more pleasant. At half time, the Homecoming Court was announced. Cherice May was crowned Queen, and Capel Nelson was crowned King. The Euclid vs Lakewood Homecoming game ended with the Euclid Panthers defeating the Lakewood Rangers, with a score of 40-7.

A NIGHT IN PARADISE

Homecoming dance was a glamorous end to a successful Homecoming Week

Homecoming 2005, 'A Night in Paradise' as it was titled, proved to be a big hit, earning it to be the second consecutive homecoming dance to be sold out. With over 700 in attendance, needless to say, it was crowded and loud, but standing out from the crowd were Homecoming King and Queen, seniors **Caple Nelson** and **Cherice May**; Homecoming Prince and Princess, juniors **Patrick Mulholland** and **Ashley Jones**; and Homecoming Duchess, sophomore **Paige Embry**.

The E-room and ballroom were transformed into an island getaway. When students walked into the dance, their tickets were exchanged for Hawaiian leis. Faculty served refreshments, baked by security's own **Christine Perrotti**, and her mother, **Patricia Perrotti**, had a hut set up in the front of the E-room. Pictures were taken in front of palm trees and other beach-themed decorations. Students danced the night away to Sean Paul, Gwen Stefani, Usher, and other popular artists, up until 11 o'clock, that is, when the 'Night in Paradise' came to a close. Each student who attended received a tribal-looking t-shirt as a favor on their way out.

Thanks to student council, and the success of Homecoming 2005 'A Night in Paradise' went off without a hitch and was enjoyed by all.

The class of '06 had a really neat experience, they were going to graduate on June 6, 2006 which was 06/06/06. Something like that wasn't going to be duplicated for a long time. The class of '06 was a mature group of students that worked well together and had a lot of accomplishments. More and more of the class was opting for the post secondary option so fewer and fewer of the students actually attended classes at the high school so there were fewer students available for the many jobs that were traditionally performed by seniors. It was a thought provoking situation that the school was faced with.

Melissa Santorelli, Jessica Vandegrift and Rachel Sova show off the "2006" pizza that they made in honor of their class.

HELPING

The class of 2006 was a group of students that was very involved in the activities in the school and the community. The students participated in sports, extracurricular activities in the school and helped out in the community. Most of the seniors had part-time jobs that enabled them to have spending money and to afford a car which was a useful tool if you were a student. They were the first class to notice the effects of the breakup into the six smaller schools. Because of the lower number of students in each school, many classes did not have enough enrollment to allow the class to be offered and many seniors ended up with a lot of study halls. Also, many seniors were no longer in the building since they took advantage of the post secondary option and took classes at a community college.

HOW EMBARRASSING

Seniors tell about not so pleasant times in their lives

Many members of the class of '06 recalled being embarrassed at least once during their high school career. It was unfortunate that these events happened to the beloved members of the senior class, but most students have been able to move on and look back with nothing but a red face. These brave seniors were kind enough to share their most humiliating moments for the entertainment of others. Don't laugh! These things can happen to anyone.

-Holly Yanacek

Did you like sports? Did you want to participate in sports? If you went to the Euclid schools you had ample opportunity to participate in a wide variety of sports on the inter-scholastic level. The freshmen had their own teams in many sports and the upperclassmen could participate on the Junior Varsity and Varsity levels. All of the major sports were represented and usually anyone interested could come out and practice with the team. They were trained by many fine coaches who did their best to help every player reach their greatest potential. With all the different teams, anyone who wanted to play a sport could.

PLAYOFF BOUND

Football team finishes season as co-champs in L.E.L. and makes playoffs

The Euclid Football team made great improvements since the previous season. The team started off slowly but improved as the season progressed, which was in direct relation to Euclid's starting sophomore quarterback, **Howard Drake**. Howard showed great improvement as the season progressed, and he should be a valuable asset for the years to come. **Thaddeus Gibson** was an imposing force and caused much havoc in the opponents' back field. Thaddeus began the season as defensive end, but as the season progressed, he ended up carrying the ball and returning punts. Thaddeus finished the season with eight sacks, 14 QB hurries, three caused fumbles, and 10 tackles for loss. **Darius Smith** was also another major force in the Euclid defense. He ended the season with 70 tackles and 14 QB hurries while playing interior lineman. **Chris Parrish** was another outstanding defenseman and recorded a school-record 17 losses for minus 45 yards and 56 tackles, five sacks, five hurries, and recovered three fumbles. The Panthers made it to the playoffs after the winning the L.E.L. game against the Mentor Cardinals. Euclid was defeated by Glenville in the first game of the playoffs, but the fact that the Panthers made it to the playoffs shows that the team was improving. **Darius Smith, Chris Parrish, and Thaddeus Gibson** were all chosen to be on *The News Herald* Division I defense. **Howard Drake, Jamon Javey, Hayden Lewis, and Matt Zuzic** were chosen for *The News Herald* Second Team offense. Honorable Mention went to **Joe Boyd, Chaz Brown, Jamal Javey, Davon Jennings, Jim Martin, Demarcus Monroe, Ray Newell, Cedric Perry, and Ryan Renbarger**. The football coaches and players looked forward to successful seasons in the future.

-Antonio Oten

Causing terror in the backfield. **Thaddeus Gibson** takes off in pursuit of the ball carrier. Thaddeus spent a lot of time in the opponents' backfield harrassing their ball carriers. Very seldom did the opponents run to his side of the field so he had to run all the way across the field to make the play. He began the season only playing defense but as the season progressed he began carrying the ball as a running back and on kick returns.

DIVING FOR THE BALL

The

Lady Panther Volleyball team, coached by Mr. Bruce Matthews, had a pretty rough season this year. The team placed fourth in the LEL. The Panthers were not very tall, but Junior, Gabby Halton, and Seniors, Maggie Carney, Jessica Zigman, and Captain, Mikita Duncan had explosive kills. Mikita Duncan's season came to an early end due to a torn ACL. The assists came from Junior Setter, Katie Maxwell, and Senior, Jackie Zigman. Many of the team's points came from the outstanding serves from Junior, D'Angela Lavender, and Senior Co-Captain, Tanita Whitner.

KICKING THE BALL AROUND

Boys' soccer struggled with lack of depth and talent

The Euclid Boys' Soccer team began its season poorly, but the Panthers had a strong finish. The team was fairly young, with many new members, but it had outstanding leadership from a few key seniors. The Captains were **Matt Zuzic**, **Drew Indiano**, and **Nick Mavar**. Matt Zuzic was honored as the Player of the Week for scoring 15 goals in three games. Other important contributors to the team were Seniors **Karl Morris** and **John Polter**. The team suffered a disappointing loss to Cleveland Heights in the playoffs. The team looks forward to next year with hope for a better season.

Girls' soccer team had a hard time scoring

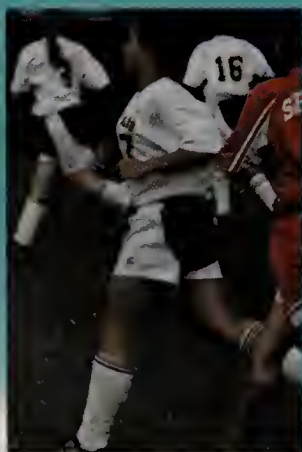

The Euclid Girls' Varsity Soccer team had another great but tough year. After losing nine players, the team had to start from scratch with four new freshmen and one sophomore. The team was coached by Mr. John Elliott, Mr. Marty Mackar, and Mr. Chris Brady. The senior captains were: Amy Barwick, Alyssa Kodramaz, and Dana McGill.

CHEERING THEM ON

The

Euclid cheerleaders showed tremendous dedication to their school and their squad. There were three different squads of cheerleaders at Euclid High School: Varsity, Junior Varsity, and Freshmen. The cheerleaders had frequent practices after school, and they were also responsible for making banners for the football games. Cheerleaders pumped up the fans in the stands at all of the Euclid Panther Football and Basketball games.

GREAT SEASON

Boys' basketball benefitted from several great players

The

boys' basketball team had a great 2005-2006 season and almost won the L.E.L. finishing just behind Mentor. The team was blessed with an aggressive inside game behind the scoring of **Thaddeus Gibson** and **Desmond Motley** who averaged about 14 points per game. They were backed up by **Cedric Perry** and **Devon Jennings** who averaged about 10 points per game. **Hayden Lewis** and **Devon Jennings** were the sharp shooters from the 3-point land. **Desmond Motley** and **Thaddeus Gibson** led the team in rebounds and **Cedric Perry** led the team in assists. **Cedric Perry** also led the team in steals. The Euclid team had a high percentage of completed shots from the field with almost fifty per cent. They also had something that previous Euclid teams lacked which was a high percentage of foul shots completed. More than sixth per cent of Euclid's foul shots dropped in. Head coach, Mr. Sean O'Toole was extremely pleased with the performance of the team.

LACK OF PARTICIPATION

Girls' basketball suffered from not enough players

The 2005-2006 Euclid girls' basketball team suffered since they did not have enough bodies to fill out the rosters. The team was young and struggled since they only had one senior. **Jazmine Bell** was the one senior player and averaged over 16 points per game. There wasn't a freshman team since there weren't enough players which meant that the freshmen had to move up to the JV and varsity. **Jazmine Bell** was helped by juniors, **Tamiya Smith**, **D'Angela Lavender**, and **Tasha Shady**. Sophomores **Alex Thomas**, **Brittney Atterberry** and **Deidra Clarke** also helped on the varsity. The young players should help the team in the future.

SHOWING IMPROVEMENT

Wrestling team has more success but needed more bodies

The wrestling team, once again, showed improvement as the year progressed. They did not, however, have enough wrestlers to fill all the weight classes so they suffered some forfeits in some of the weight classes. They mainly participated in tournaments and had very few dual meets. Because of this they only had one home meet which was against Shaw. This meant that a lot of people never went to a wrestling meet since most were away. The team had some good wrestlers who were able to win consistently.

ON THE THIN EDGE

Hockey team needed more experience and bodies

The Euclid Hockey Team struggled through the season and finished with a 2-20 record. They were mainly hampered by academic ineligibility of several key players and not having skilled players in upper grades. Many of the members were first year players and lacked the experience needed to help the team. **Ryan Sidak** was the leading scorer for the team. The defense was helped by **Phil Silvaggio**, **Joe Humenuik** and **Angela Tirabassi**. Offensively, **Joel Coggins** and **Sean Burke** supplied a lot of muscle. Mr. **Tony Verch** was the coach for the team.

CRUSHING THE COMPETITION

Indoor Track has good turn out and successful season

The indoor track season was a great way for the athletes to get ready for the outdoor track season. Many athletes availed themselves of that opportunity by participating in the indoor track season. ACTIVITIES DIVIDER

Did you want to be involved in activities while going to the Euclid schools? There were lots of clubs and organizations that students could be involved in during or after school. Some students worked in the offices helping the many secretaries with their duties. Others worked in the clinic helping the health aides. Other students helped teachers with their responsibilities. There were several musical groups that students could become associated with if they were musically inclined. There were also many clubs and groups that met after school or in the evening. If a student wanted to do something, there was something to do.

HELPING AROUND THE OFFICES

The office aides and clinic aides help keep the school running smoothly

The office aides were valuable assets to the environment of the offices at Euclid High School. Whether students were interested in helping in the clinic or the small school offices, any assistance was greatly appreciated. Many students gave up their study halls or lunch periods in order to help out in the offices by running slips, making copies, and filing papers. Without office aides, things would not have run as smoothly.

CLASS STRUCTURE

The class cabinets organize grade level activities

The class cabinets were composed of groups of students who were concerned about what activities the different class should be doing to make the school better. Sometimes the students met during school and sometimes they met after school to plan activities for the future. The cabinets had nothing to do with the six small schools but were concerned with the entire school complex. The senior class cabinet met in the planetarium while the junior and sophomore class cabinets met in conference room three.

Dean Bryson presided over the senior class cabinet meeting which was held in the planetarium. The had refreshments and discussed ways to make money for the class.

KEEPING THE CARS RUNNING

Vocational Automotives prepares students for jobs in auto maintainance

The Vocational Automotive classes at Euclid High Schools consisted of a junior class in the morning and a senior class which met in the afternoon. The classes consisted of time spent in the classroom learning about the different systems in an automobile and time spent in the shop working on real cars with real problems. Some students took the class as a hobby but most continued with post secondary studies and became certified mechanics and got jobs in the auto service field. The class was instructed by Mr. **Tony Rozman**.

They helped with various organizations such as the Euclid Hunger Center, Gateway, and the Lake Farm Parks. The meetings usually lasted less than an hour. Membership in the club cost \$11.

GETTING PUBLISHED

Eucuyo publishes student's original creations

The

Eucuyo was Euclid's literary magazine that

enabled students to get submitted creative works published so everyone could enjoy. Most of the submissions were poems and short stories but there was also some art submitted. The staff members would read and review the submitted works and then decided which ones should be included in the magazine which was published at the end of the school year. Anyone interested in reading and reviewing the material was welcome at the meetings which were held in the photography classroom every other week. The *Eucuyo* members learned a lot by reading all the submissions and the students got a chance to get their work to appear in print. Mrs. Edie Mellen and Ms. Tracy Wienhold were the advisers for the group.

-Dan Praznovsky

Looking over the submissions. Amalia Boris, Zach Schlosser, Rachel De Angelis, Liza Langdon, Emily Proctor and Matt Kushan discuss the criteria for the submissions with adviser, Ms. Tracy Wienhold.

Zach Schlosser and Rachel De Angelis and Emily Proctor and Matt Kushan did a lot to review the material that was submitted to the *Eucuyo*.

Amalia Boris talked with Ms. Tracy Wienhold to find out what was necessary to have an acceptable creative work.

Mrs. Edie Mellen helped the students get all the material organized so they could type it into the computer so it could be layed out into the form to be published.

ARTISTIC TALENT

Commercial Art allows students to develop their abilities

The Commercial Art class at Euclid High Schools prepared students for the field of art after graduation. Both classes met for three periods. The juniors met in the morning and the seniors met in the afternoon. The students worked with many different kinds of media and learned how to express themselves in lots of different ways. Their projects could then be part of their portfolio which they could then use when they applied to art schools or to businesses. The class was instructed by Mrs. Edie Mellen.

INTERSCHOOL ACADEMIC COMPETITION

Academic Challenge students competed against other schools

Academic Challenge had a year with four competitions. Students who had a passion for game shows or common trivia joined this activity. The students on the Academic Challenge team were required to have nothing less than a 2.5 GPA in order to compete. The team met every Tuesday after school, and the students practiced with the same game formats that they would face in the competitions. Academic Challenge competed at the Buzzer-palooza games at Case Western Reserve University, and they even appeared on WEWS Newschannel 5. Travis Beach, David Yerman, and Andrew Miller played, but Edward Chenock and Daniel Adamic supported the team as alternates. Mr. Ron Zucca was the adviser for the group.

Having a high grade point average was great but not good enough as far as the National Honor Society was concerned. Students needed to show involvement in activities both inside and out of the classroom. After careful review, the new inductees were tapped into the Society and were recognized at an induction ceremony in their honor. NHS members participated in several fundraisers and activities throughout the year, including "Operation: Support Our Troops", in which members collected necessities for soldiers overseas. **Rachel Sova** was the president with **Karen Connavino** as the vice-president, **Cory Scheider** was the secretary, and **Jamal Austin** was the treasurer. PRODUCING THE SHOW

The media aides supply the technology to produce all of Euclid's productions

The

Media Aides played an important part in the smooth operation of Euclid High Schools. The Media Aides ran the equipment that brought the morning announcements to all the homerooms. They also delivered audio-visual equipment to the teachers that needed them. They took care of the copy machines, making sure that they were stocked with paper, toner and free of paper jams. They ran all the sound and lights for all the school productions such as assemblies, plays, Big Show and everything else. The group was controlled by Mr. Allen Black who organized all the activities.

The announcers for the day would get to the studio a few minutes before the broadcast. They were given the copy that they had to read so they could become familiar with it. They would then read the announcements so it could be sent to every homeroom. Mr. Allen Black was the organizer for this group.

AN ARMY OF ONE

NJROTC prepares students for the armed services

The NJROTC (Naval Junior Reserve Officer Training Corps) program gave many students a post secondary option that many other students did not have. After graduation many members earned scholarships that could be used for college or they could enter the armed forces and already have some of the necessary training. The students participated in classroom work which gave them much information about the armed forces. They also did lots and lots of drill on marching and twirling their rifles. They participated in competitions with other schools in marching and target practice with rifles. They also participated in fund raising projects like the first annual Amanda's Walk held on September 10 to benefit RSDS. Their annual inspection was held on February 7 in the east gym. Have

you ever
been in a
situation

where you wanted to hurt someone? Well, if so, you probably could have used a mediator. The mediators were students who underwent extensive training to learn how to deal with tense situations. Because of their training, the mediators would talk with students who got in trouble with another student where there could have been a fight. The mediators talked to the offenders and tried to get them to understand where the problems were and how they could resolve them. If the offenders did not agree to the mediation they would be disciplined by their principals. The mediation program saved many students from being punished. The program was coordinated by Ms. **Kathleen Mc Donnell** and was open to all students who wanted to train for it.

SEEKING DIVINE GUIDANCE

CRAVE gives students an opportunity to worship together

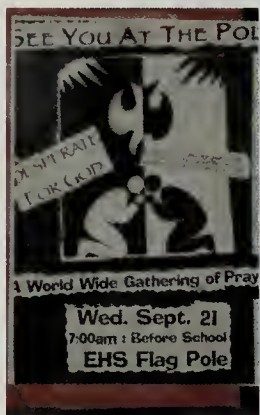

"CRAVE," the newest addition to activities here at the high school, wasn't a club for people with eating disorders. "CRAVE" was the new and improved Bible study group. Formerly "CRUX," CRAVE adopted a new name, a new format, some new leadership, and a slew of new members. CRAVE met on Wednesdays after school, in the band room every week for refreshments, sometimes a Bible devotional to apply the Bible to everyday life, maybe a discussion, a game, or even a party. Each week was planned and run by college advisor, **Courtney Biehl**, and student leaders: **Jessica Vandegrift**, **Effie Stansbery**, and **Melissa Santorelli**, and is attended by faculty advisors, **Ms. Diane Tizzano**, and **Mrs. Marla Henderson**. CRAVE was a place to make friends, to be comfortable, to be yourself, and to start or to grow in a relationship with God, and other Christians.

Thank you to all the members of CRAVE, you know who you were, for making it a wonderful place to be.

Kicking off the new year was the annual 'Meet at the Pole' which was held on September 21. Students and teachers gathered around the flag pole and had a short worship service.

ENVIRONMENTALLY CONSCIOUS

SAVE hopes to help the world around us

SAVE: Ginger Mc Ghee, Scott Rutti, Adviser, Mr. Matt Young, Tiffany Chenock, Chelsea Keay, Katie Keay, Amalia Boris, Sarah Schulz.

With more and more people in the world every day the environment was subjected to more and more stresses that threatened its well being. SAVE (Students Against Violating the Earth) was founded many years ago with the idea that students had to be made aware of all the problems that were facing the earth from pollution and overpopulation. They learned how recycling materials led to less energy use and increased life for products. They learned how recycling had to begin in the home and that everyone could help in the solution. The group was advised by Mr. Matt Young who tried to show the students all the interactions that existed between everything in the environment.

Tiffany Chenock watches a simulation on Mr. Matt Young's computer.

SAVE members learned about conservation and preservation of the environment.

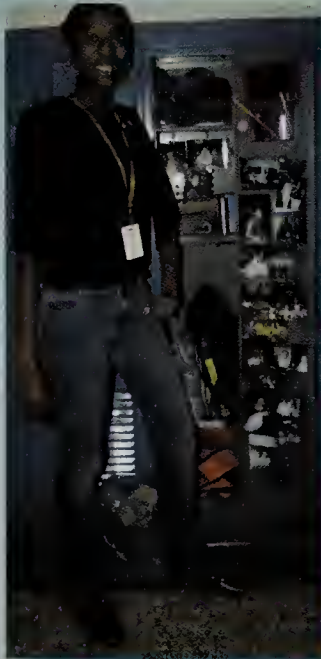

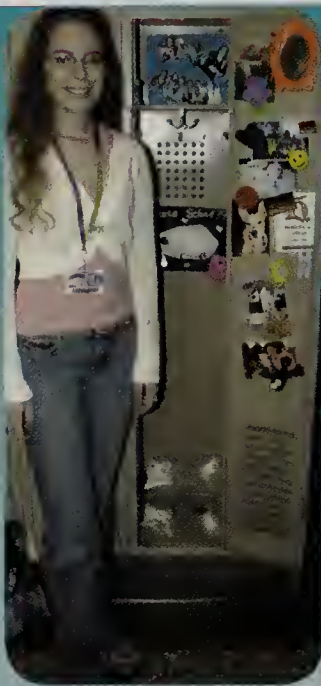

YOUR HOME AWAY FROM HOME

Students use their lockers in many different ways

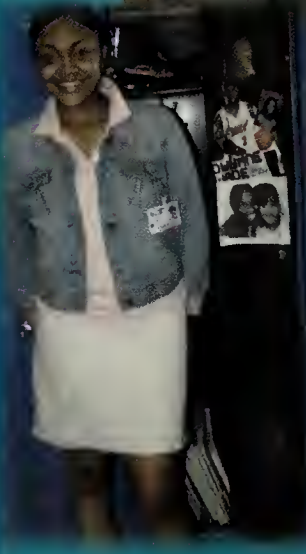

This year, students in the Euclid High Schools found many various uses for their lockers. Some students used their lockers to express themselves, while others just crammed their textbooks into them. The decorated lockers were some of the best meeting places at school for friends before home-room started. Many students hung up pictures, posters, and mirrors in their lockers. Others were even more creative and hung up memo boards with a new quote for every day. On birthdays, some Euclid Panthers decorated their friends' lockers. Occasionally, some students were even seen using lockers as hiding places for themselves!

SKIING DOWN OR CLIMBING UP

Ski and snowboard club members had their fun in the snow

The

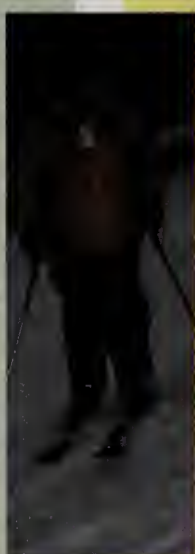

members of the Ski Club travelled to Brown Mills Ski Area each Thursday throughout the winter to have fun skiing or snowboarding on the snow covered hills. The snow began during Thanksgiving vacation and the weather was cold and snowy until winter vacation. During January, however, the weather warmed and there was very little snow. In any way there was any snow, the ski areas made a return in the early season. The club was small but the members still had a lot of fun sliding down the hill. The members were: Andrew Collins, James Dorsey, Karl Morris, Rachel Perovsek, Ryan Sotka, Brandon Spearman, and Holly Yanacek. Mr. Bill von Benken was the adviser for the group.

Chess Club learns about planning ahead

Want

to learn about the

game of chess? The Chess Club was the place to learn. The adviser was Mr. Barry Mita and they played on Wednesday afternoons until 4:00. The point system was +2 (win) and -1 (loss). There was always a tournament and the skill level ranged from beginners to advanced members. Players learned by competing against players of higher ability levels. The more students played, the better they got and the skill level increased a student's thinking skills. The members made new friends and learned a lot about the game that they could use for the rest of their lives.

HELPING TO ATTAIN SUCCESS

Euclid's staff helps students reach for their goals

The 2005-2006 school year saw the continuation and development of the six small schools. Without the efforts of the talented teachers and administration, none of these improvements would have been possible. Even though each small school began to form its own character and leadership style, the staff remained dedicated to promoting excellent education in Euclid schools. The Euclid High Schools were once again institutions of great opportunity thanks in part to the efforts of the faculty and staff. As a result of the variety of classes, a myriad of sponsored extracurricular activities were offered, and the opportunity to reach for their goals.

UNDERCLASS DIVIDER

Andrea Douglas and Dominique Eldermire are active in cheerleading and many other activities at the Euclid schools.

Sam Indiano is doing a lot to help the soccer team and the school.

The underclassmen were the future for the school. They were the ones that would inherit all the responsibilities that were now held by the seniors. The freshmen were just getting started, but the juniors were in a position of importance and many played important roles in keeping the school running smoothly. Most of the underclassmen were a great group of students to know and to be around.

The Marching Band needs it's underclassmen to be able to perform on the field.

Kristen Griffith, Kristen De Wolf and Jessica Vandegrift enjoy the time they spend practicing and performing with Varsity Chorale

Many members of the Flag Corps are underclassmen and they helped the group be a success.

Cameron Cofield carries the ball for the JV football team to make sure they had a good season.

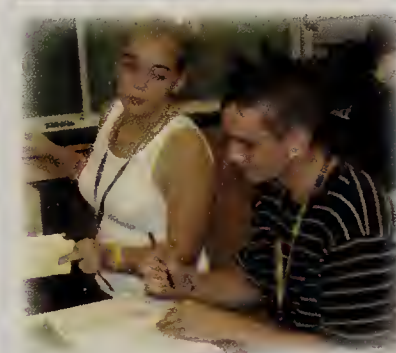

Matty Bumbarger was an important member of the soccer team and helped throughout the season.

Above: Jessica Daniels and Cierra Bradley, waiting for the serve, were an important part of the volleyball team.

Right: Jackie Zigman and Katie Maxwell waiting for some action on the net.

Amber Cartmell and Steve Braddock worked well together as they did their chemistry labs.

Underclassmen in the Culture Club learned about other cultures.

WELL ROUNDED LEARNING

Academy of Intellectual and Interpersonal Development gives everyone a liberal education

The Academy of Intellectual and Interpersonal Development was led by Mr. William Buyle and focused on general studies and a liberal arts education. Their motto was "Success is the Standard" and they emphasized a rigorous curriculum where all students would succeed. The school only offered college preparatory, honors and AP classes with the idea that all students would remain on track. A student entering with less than a 2.0 GPA was required to take a two-week remediation workshop. The only grades in the school were A's, B's, C's, and D's. By not giving D's all students were forced to have a true mastery of their subjects. The school was focused on conflict resolution through mediation and hosted the school mediation program.

IT'S ALL ABOUT BUSINESS

Business and Communication School prepares students for the world of business

Jimmy Williams

The

Business and
Communication
School (BCS)

was headed by Mr. **Jim Poulson** and focused the students towards the business sector of education. They teamed up with local businesses and community groups to get the students experience with the business community. They provided a link between college preparatory courses and business skills. The school provided seminars and internships for the students to become familiar with the business world. Seniors were to have a "senior capstone experience" to help continue their education after high school. Students helped develop their Electronic Student Portfolio to document their progress throughout high school. The student's family was included in the development of each student's Individual Learning Plan.

Bryan Svoboda directed the Marching Band on the field.

The Marching Band seniors were introduced before the game.

CREATIVITY IN ACTION

Euclid Academy of the Arts stresses creativity

The Euclid Academy of the Arts was headed by Mrs. Tina Elliott and stressed the belief that academic and artistic education went together. The students developed their abilities in the visual and performing arts by using observation, knowledge and experience to discover new skills and concepts. The school partnered with the Shore Cultural Center to develop stronger ties with the community. The school was also associated with the film and poetry slams, the Comedy Club, the artwork exhibitions, and the vocal and instrumental music groups.

On October 27, 2005 The Euclid Academy of the Arts presented Stand By Me which was a benefit program for the survivors of hurricane Katrina. The drum line played and Dean Bryson made a presentation along with many other performances.

WORLD WIDE STUDIES

International Academy wants students to think globally

Two different ways of fitting into the global economy, Theresa Bolany and Courtney Walker working on science while members of the Automotive classes learn about transportation.

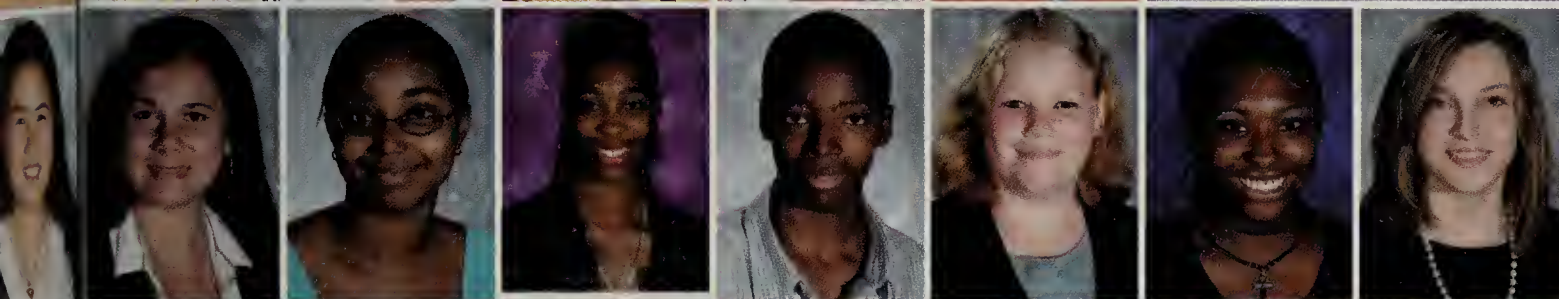

The International Academy for Accelerated Achievement was founded on the idea "From here...anywhere." Headed by Mrs. Claudia Spencer, the school focused on global studies and the idea that everyone was a part of the global community and events occurring in other countries influenced what went on here. The school offered lectures by international speakers through John Carroll's Center for Global Education. It also was the host school for Euclid's NJROTC program.

TRAINING TO THINK IN A LOGICAL WAY

STEM students concentrate in science and math

The school of Science, Technology, Engineering and Math was headed by Mr. Ron Seymour and had the students using the latest technology to help their education. A goal was to have students learn critical and analytical thinking skills to further their learning. Students learned how technology was needed in many jobs in the future.

Jessica Daniels and Mya Cloud know that making careful observations in their experiment is an important skill.

GETTING THE REAL EXPERIENCE

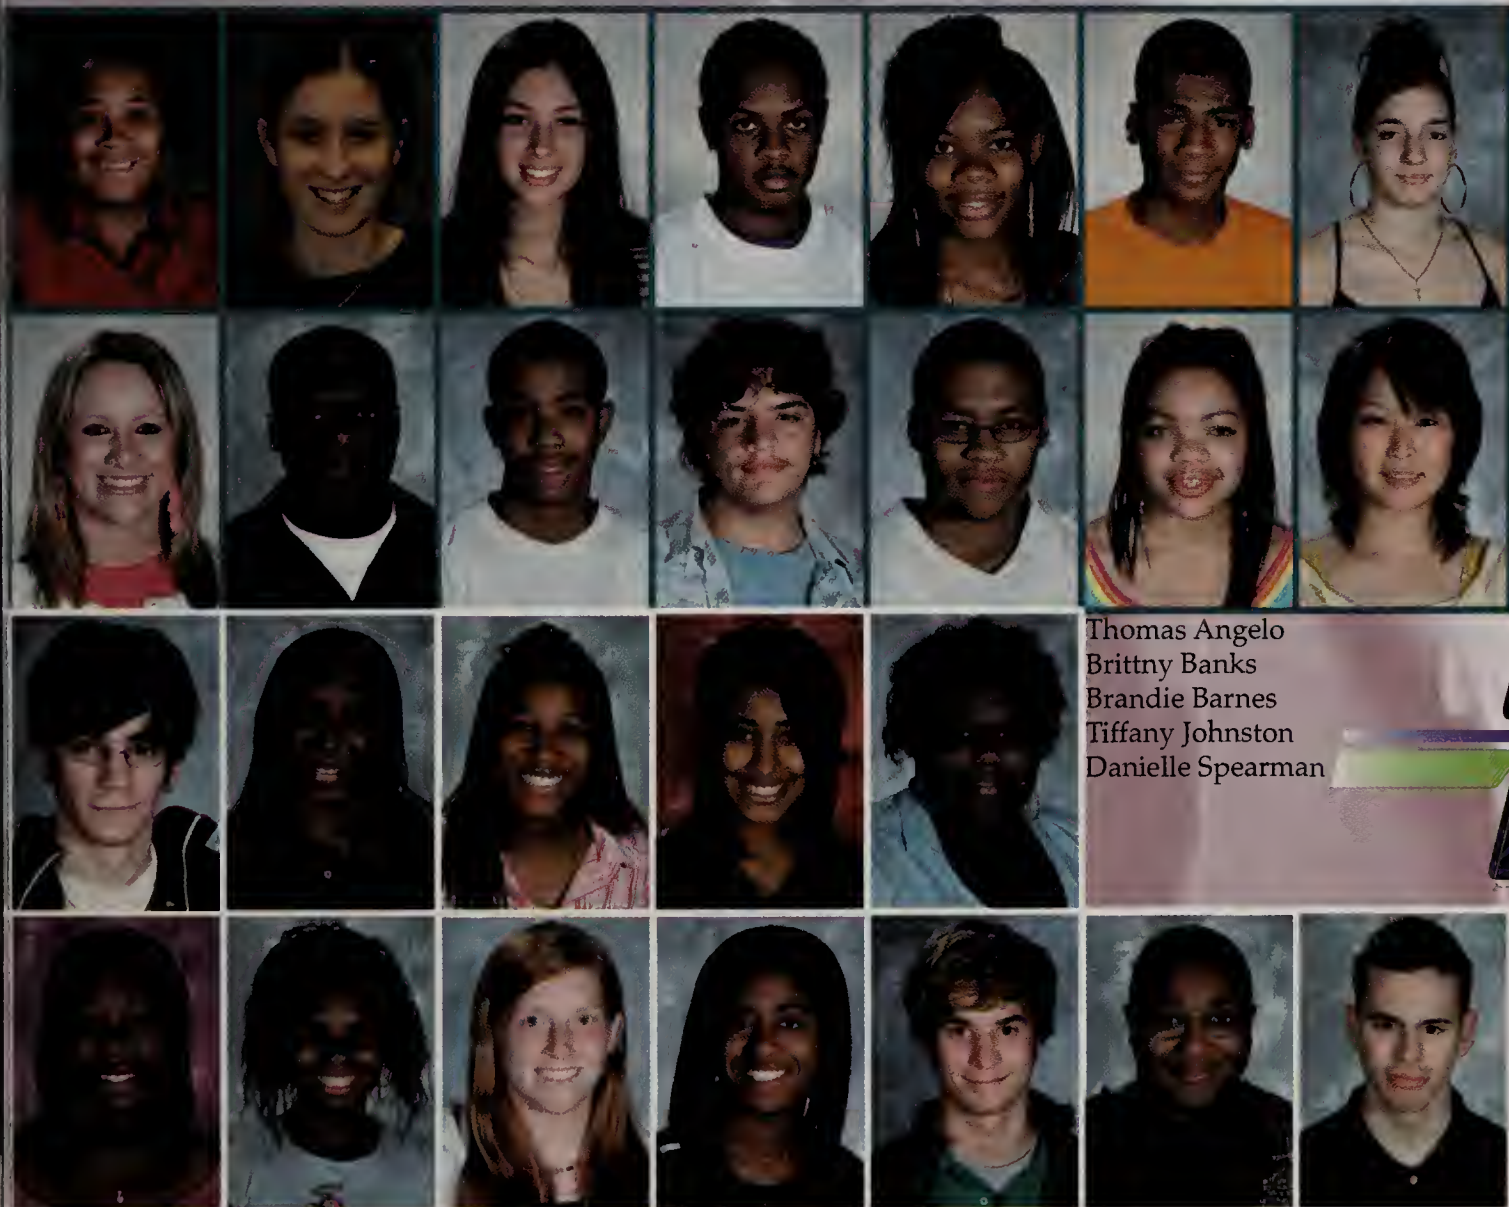

The Professional Path wants students to learn about the real world

If you were interested in a professional career the Professional Path School could have been for you. Headed by Mr. **Elie Thomas**, the idea of the school was to provide "Real Experience for the Real World." After graduation, students could either enter college or go into the business world. Academics were carried outside the classroom with internships, job shadowing and community service. The Vocational Automotive, Industrial Technology and Vocational Law Enforcement programs were associated with this school.

Jay Jones works on a car in the Vocational Automotives class instructed by Mr. **Tony Rozman**.

Vitaliy Styrt and **Richard Amoroso** practice self defense in the Vocational Law Enforcement class.

The team began training three weeks before their first meet. Some of the girls that were new to the team tried to get out of practices by pretending to be sick. Often Coach Nosse said, "Suck it up," his favorite catch phrase. The team record was 5-1. The only loss, which was very close, was against Mentor. Later, at the Euclid relays, the team competed against Mentor again and won. Jessica Beard recently broke the state's 200 meter and 400 meter records. That qualified her to go to the state competition. The team hopes to have another amazing running season next year.

This year the Euclid Boys' Tennis team exceeded many of its expectations. The team's overall record was 7-9, with many close matches at the end of the season. The team was very small this year with only seven players. Four of the players were seniors. Many individual played close matches, that were very important to the team. The entire team gave a great performance all year long. Tim Hanson only lost one match. Overall, the year was a success for the team, but there is a lot of room for improvement in the years to come.

CONFUSION ON THE S.S. AMERICAN

The 2005 Big Show production, *Anything Goes*, ran from March 17 to March 19 in the EHS Auditorium. The story took place on the *S.S. American*, a ship sailing from New York to England. Some of the passengers on this voyage went through the trial and tribulations of romance, others tried to escape being captured. One of the passengers, Hope Harcourt (**Stephanie Maxwell**), was accompanied by her fiancé, Sir Evelyn Oakleigh (**Craig Stigamier**), and her mother, Mrs. Harcourt (**Jessica Vandegrift**). Billy Crooner (**George Whitfield**) stowed away on the ship to try to stop Hope, the love of his life, from marrying Evelyn. On June 6, the graduating Class of 2005 was let free into the world as adults. Commencement was held at the Palace Theater at 7:00 pm. All of the graduating seniors finally realized that there was no turning back, their years at Euclid High were all over. At the head of the class was **Albert Estvander**, Valedictorian, and **Greg Erhardt**, Salutatorian. Select band members were chosen to perform at Commencement. The Commencement Band played the processional and post-show.

James,
From the day you arrived, you have been special. Born almost two months before time, you have been a blessing to so many. You are the only grandchild of Lillie and Tyree and the only nephew of Valerie and Daryl. You are the youngest of 36 grandchildren of James and Petrenella. You are the only child of Gary and Gwen and you have always been our "Little Drummer Boy." We all are proud of you because of the young man that you have grown into. We know without a shadow of doubt God has great plans for you. Our only prayer is that you would be open to what He has in store for you. As your Grandma Pet would say "In all thy ways acknowledge Him and He shall direct your path."
Be Blessed.

quickly. You even kept your pretty blue eyes and blonde hair. We can't believe our baby has already grown up, but you'll always have that special place as the baby of our family. Sometimes it's harder following in the footsteps of an older brother and sister but you have done a great job. You've been your own individual. You've been an excellent student and for that we are truly grateful. We are excited for your future and believe that, with faith, you will be successful in whatever you set out to do. We love you so very much and wish you an awesome future.

Love,

Dana Mc Gill

Dana,
Watching you grow has taught us that time moves in many ways at once - fast and slow, forward and backward, bitter and sweet. At times it seemed as if we looked away for just a moment and years had gone by. Other times nothing much seemed to happen, school, summer, another year gone. It seems one day you just grew up, a beautiful young lady with a life of your own. We're so proud of how you live your life. We've watched you grow from every experience life brings your way and how you've taken life's lessons and made them into something your own. You're strong and courageous, smart and caring and seem to find a rainbow behind every cloud. You know when to offer advice and when to just listen. You can be fun and silly, or serious and caring - you're a joy to be around. We believe in you - in the things that are important to you, that you can accomplish anything you set out to do. You have many talents and the wisdom to use them well. Listen to your heart, follow your dreams and above all, always believe in yourself. How grateful we are for the privilege of watching you grow, helping when we could and simply being a part of your life. Thanks for being our daughter.
Love, Mom and Dad

He's the one who will keep you on the right track. Work from your heart to please Him, not man. Congratulations! Love, Mom, Dad, Kevin Jr. and Kameron

The time has flown by so fast. It seems like only yesterday, we were taking you to your FIRST day of kindergarten. And now, here you are graduating and starting the next part of your life. We are so proud of you! You have worked so hard and have been successful in all you have done. God has blessed you with a beautiful voice and many other talents. It has been amazing to watch you perform - in all the Big Shows - the first time we heard you sing as Serena in *Fame*, we were blown away by your voice; in Varsity Chorale, Forte, Flag Corps, singing in church, and all while continuously achieving distinguished honor roll. But most importantly in all you say and do, always remember that your talents are from God, to put Him first in your life and He will guide you and you will continue to be

successful. Always remember Phil. 4:13 & Prov. 3:5,6. You have given us so many wonderful memories. We are excited to see what plans God has for your life and what your future holds. Wherever life takes you, always remember that we love you very much and we will always be here for you, no matter what. God bless you and keep you in His care.

All our love,

The 2006 *Euclidian* was published by Jostens' Printing and Publishing Division at State College, Pennsylvania. 350 copies were printed. The pages were printed on Gloss 90 paper stock and was in full color. For the three deadlines, InDesign 2.02 was used to lay out the pages. The last page was created using InDesign CS2. All pages were created on a Macintosh G4 computer running OS X 10.3. The computer had 1GB of RAM and a 120 GB hard drive and all files were backed up onto a pair of fire wire drives connected to the computer. The computer had a 17" and a 23" monitor connected to it so the pages could be created on the larger monitor and all the tools were displayed on the 17" monitor. An iBook laptop computer was also used to take work back and forth between school and home. All the pictures in the book were displayed digitally. Most were taken with a Nikon D100 SLR digital camera or a Nikon Coolpix 900 digital cameras. Some pictures were supplied on film but they were scanned using a Canon LIDE 80 scanner and were placed digitally. The photos were processed using Photoshop 7.0 or Photoshop CS2 as the school year progressed. Microsoft Excel was used to make graphs and to keep records of yearbook sales and students' names. The index was produced using Jostens' Last Name First program. Copy was printed on either a Black and White HP Laser Jet 1160 printer or a color Xerox Phaser 8400 printer. All the layouts were sent to Jostens on CD ROMS. The cover was designed by the **Jostens Art Department**. The pages were submitted to the printing plant on four deadlines; December 5, December 26, January 30 and February 27, 2006. Since the final deadline was in February nothing that occurred after that time could be included

in the 2006 book. Because the book was all color deadlines had to consist of eight page multiples. Even seniors took advantage of the picture patron option and had their pictures included in the book. Also a large percentage of students ordered their yearbooks with their names engraved on the cover so they could be easily identified.

Thank You

The staff of the 2006 *Euclidian* would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to the adviser, Mr. **Bill von Benken** for the many long hours of hard work and planning that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: **Ohio School Pictures, Inc.** for taking the team, senior and underclass pictures. **Jostens Yearbook Company** for putting it all together in such an artistic manner, Mrs. **Marsha Knauss** for all the time she spent getting lists of students, mailing labels, organizing the picture days, choosing pictures and identifying students. Thanks also have to go out to all the students who wrote stories and took pictures that were included in the book. Last, but not least, thanks go to all the students of Euclid High Schools without which the book could not exist.

The Jazz Band gave their annual Holiday Concert before winter vacation began in December.

Staff

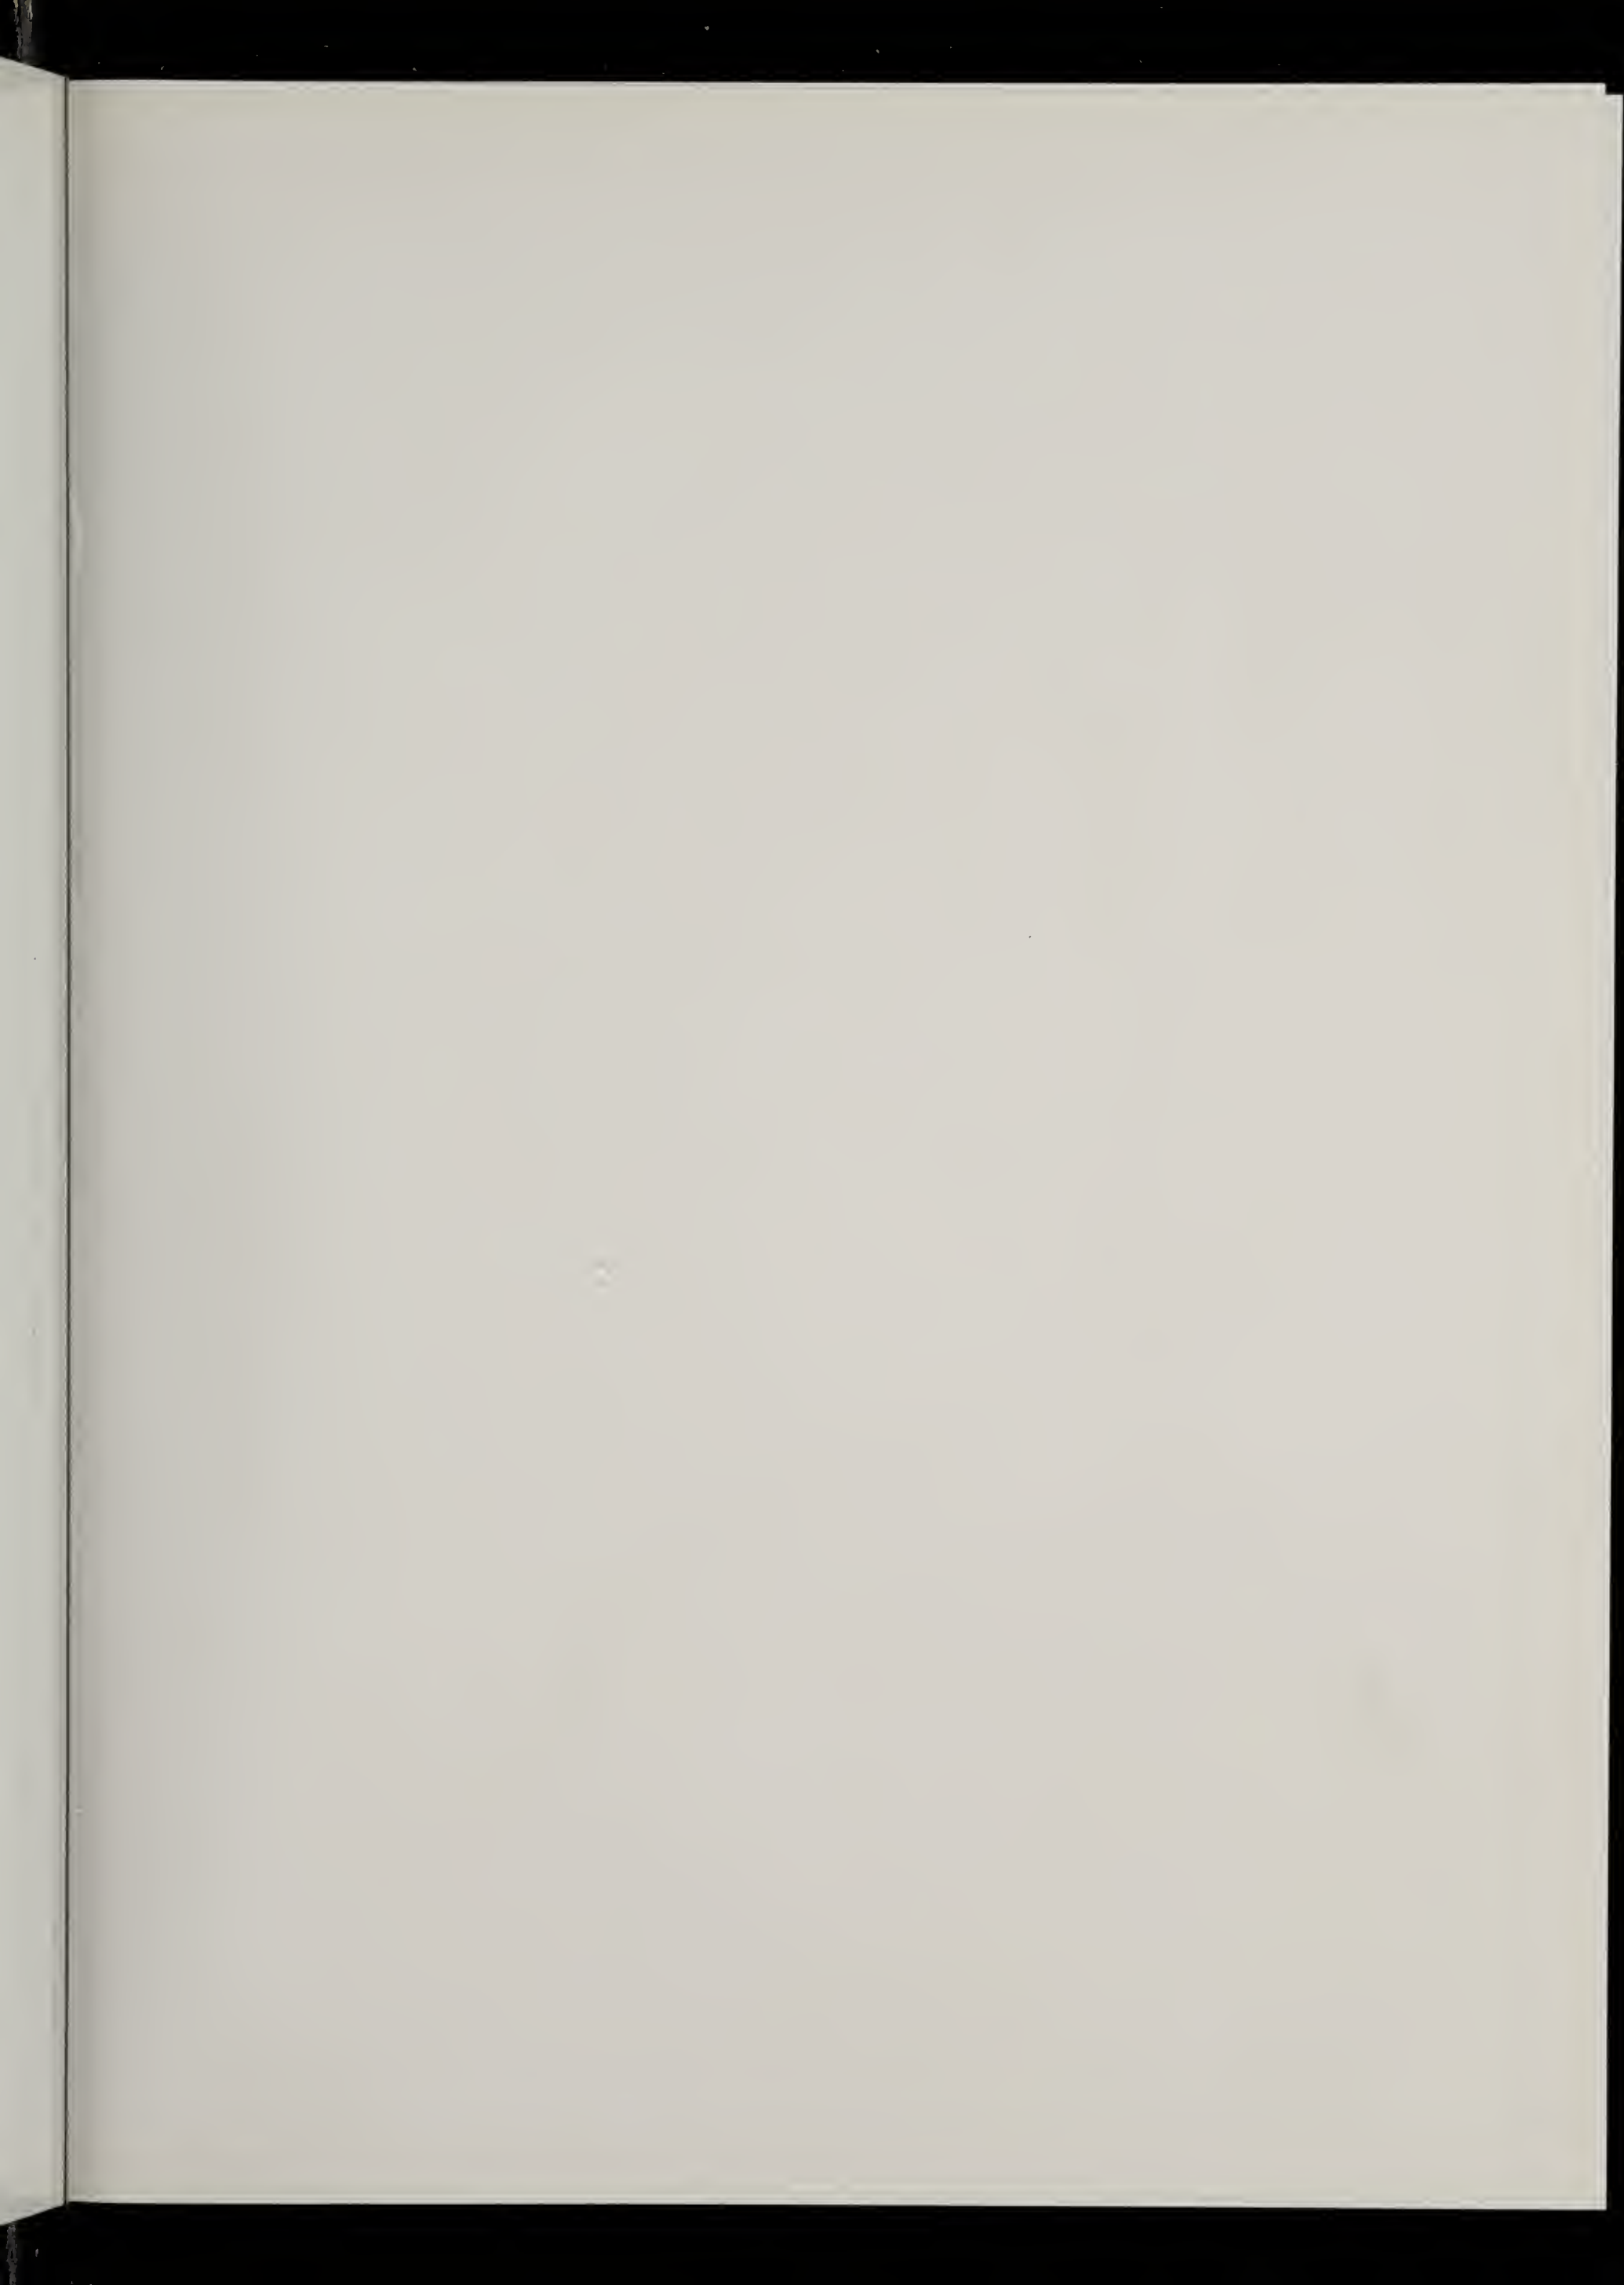

Many people contributed their time in order to make the 2006 *Euclidian* a reality. Some students wrote stories while others put the pictures into the collage. Some helped with the page layouts and others with the mailings to the homes. **Jessica Vandegrift** and **Rachel Sova** and **Holly Yanacek** did a lot to get the collage assembled. **Holly Yanacek** did a tremendous job writing stories and laying out the pages in the book to get them to look appealing. Many students wrote stories that were useful in completing the book. Thanks go out to everyone who participated.

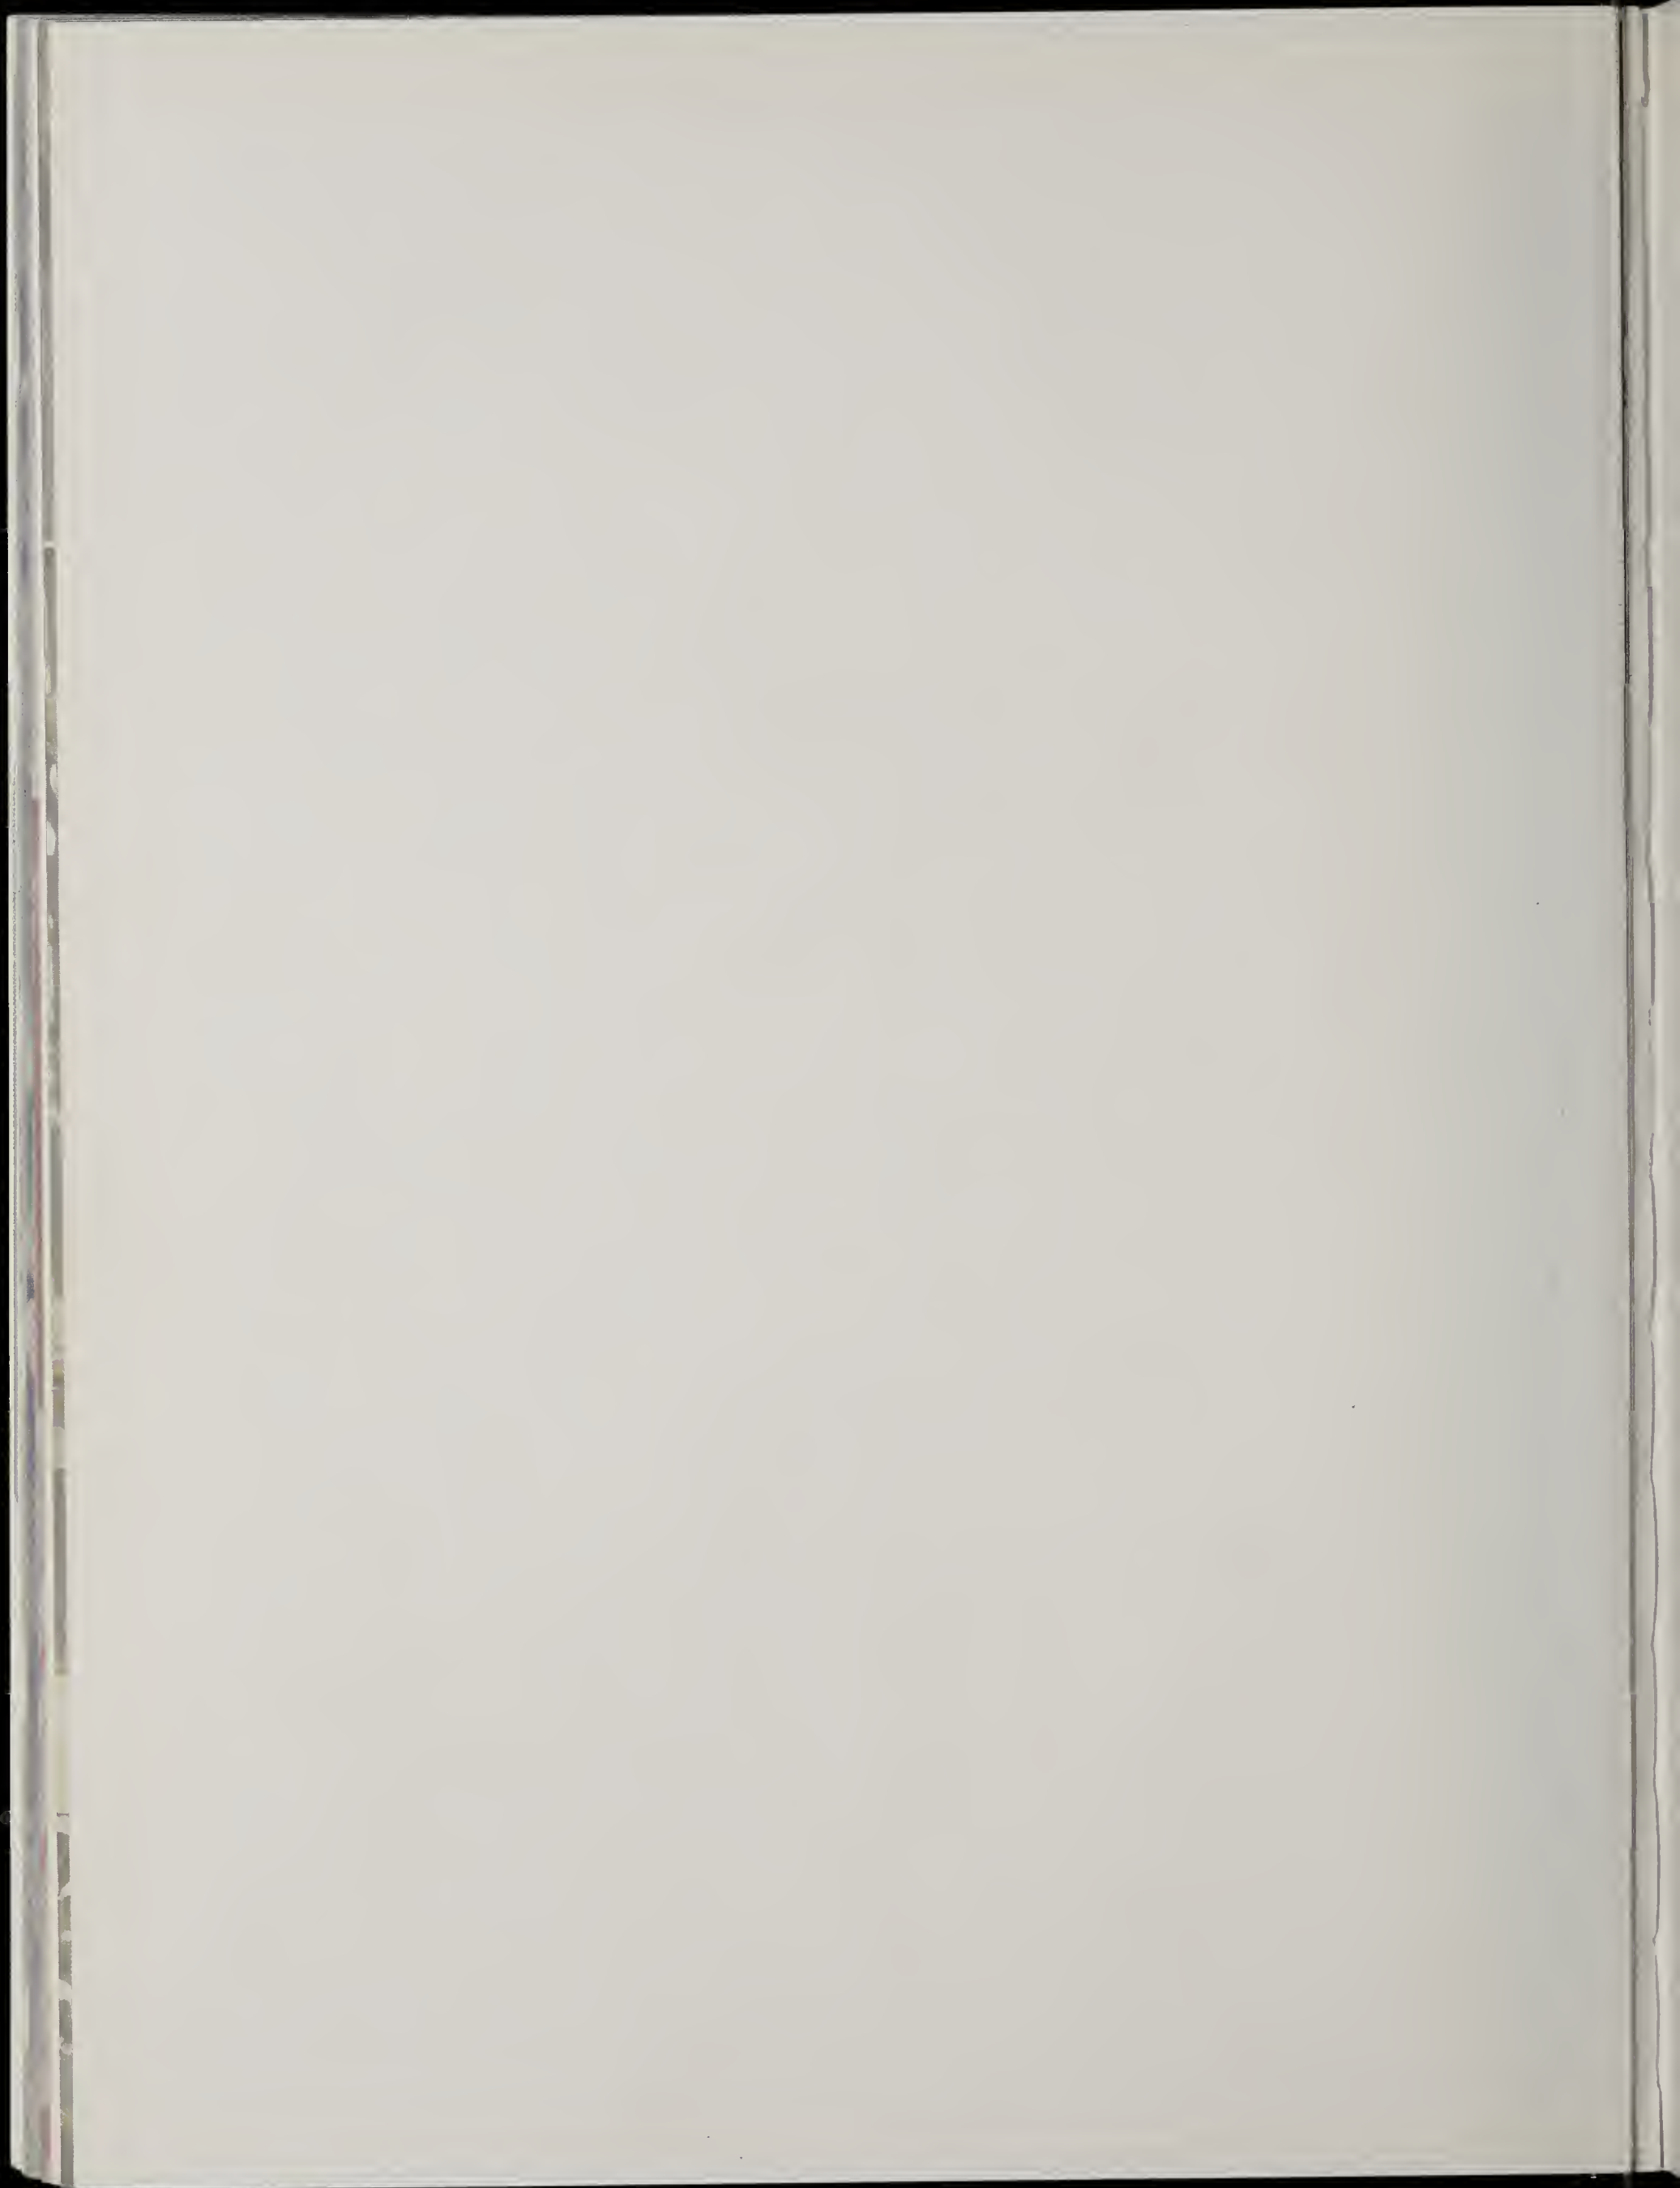

Disclaimer

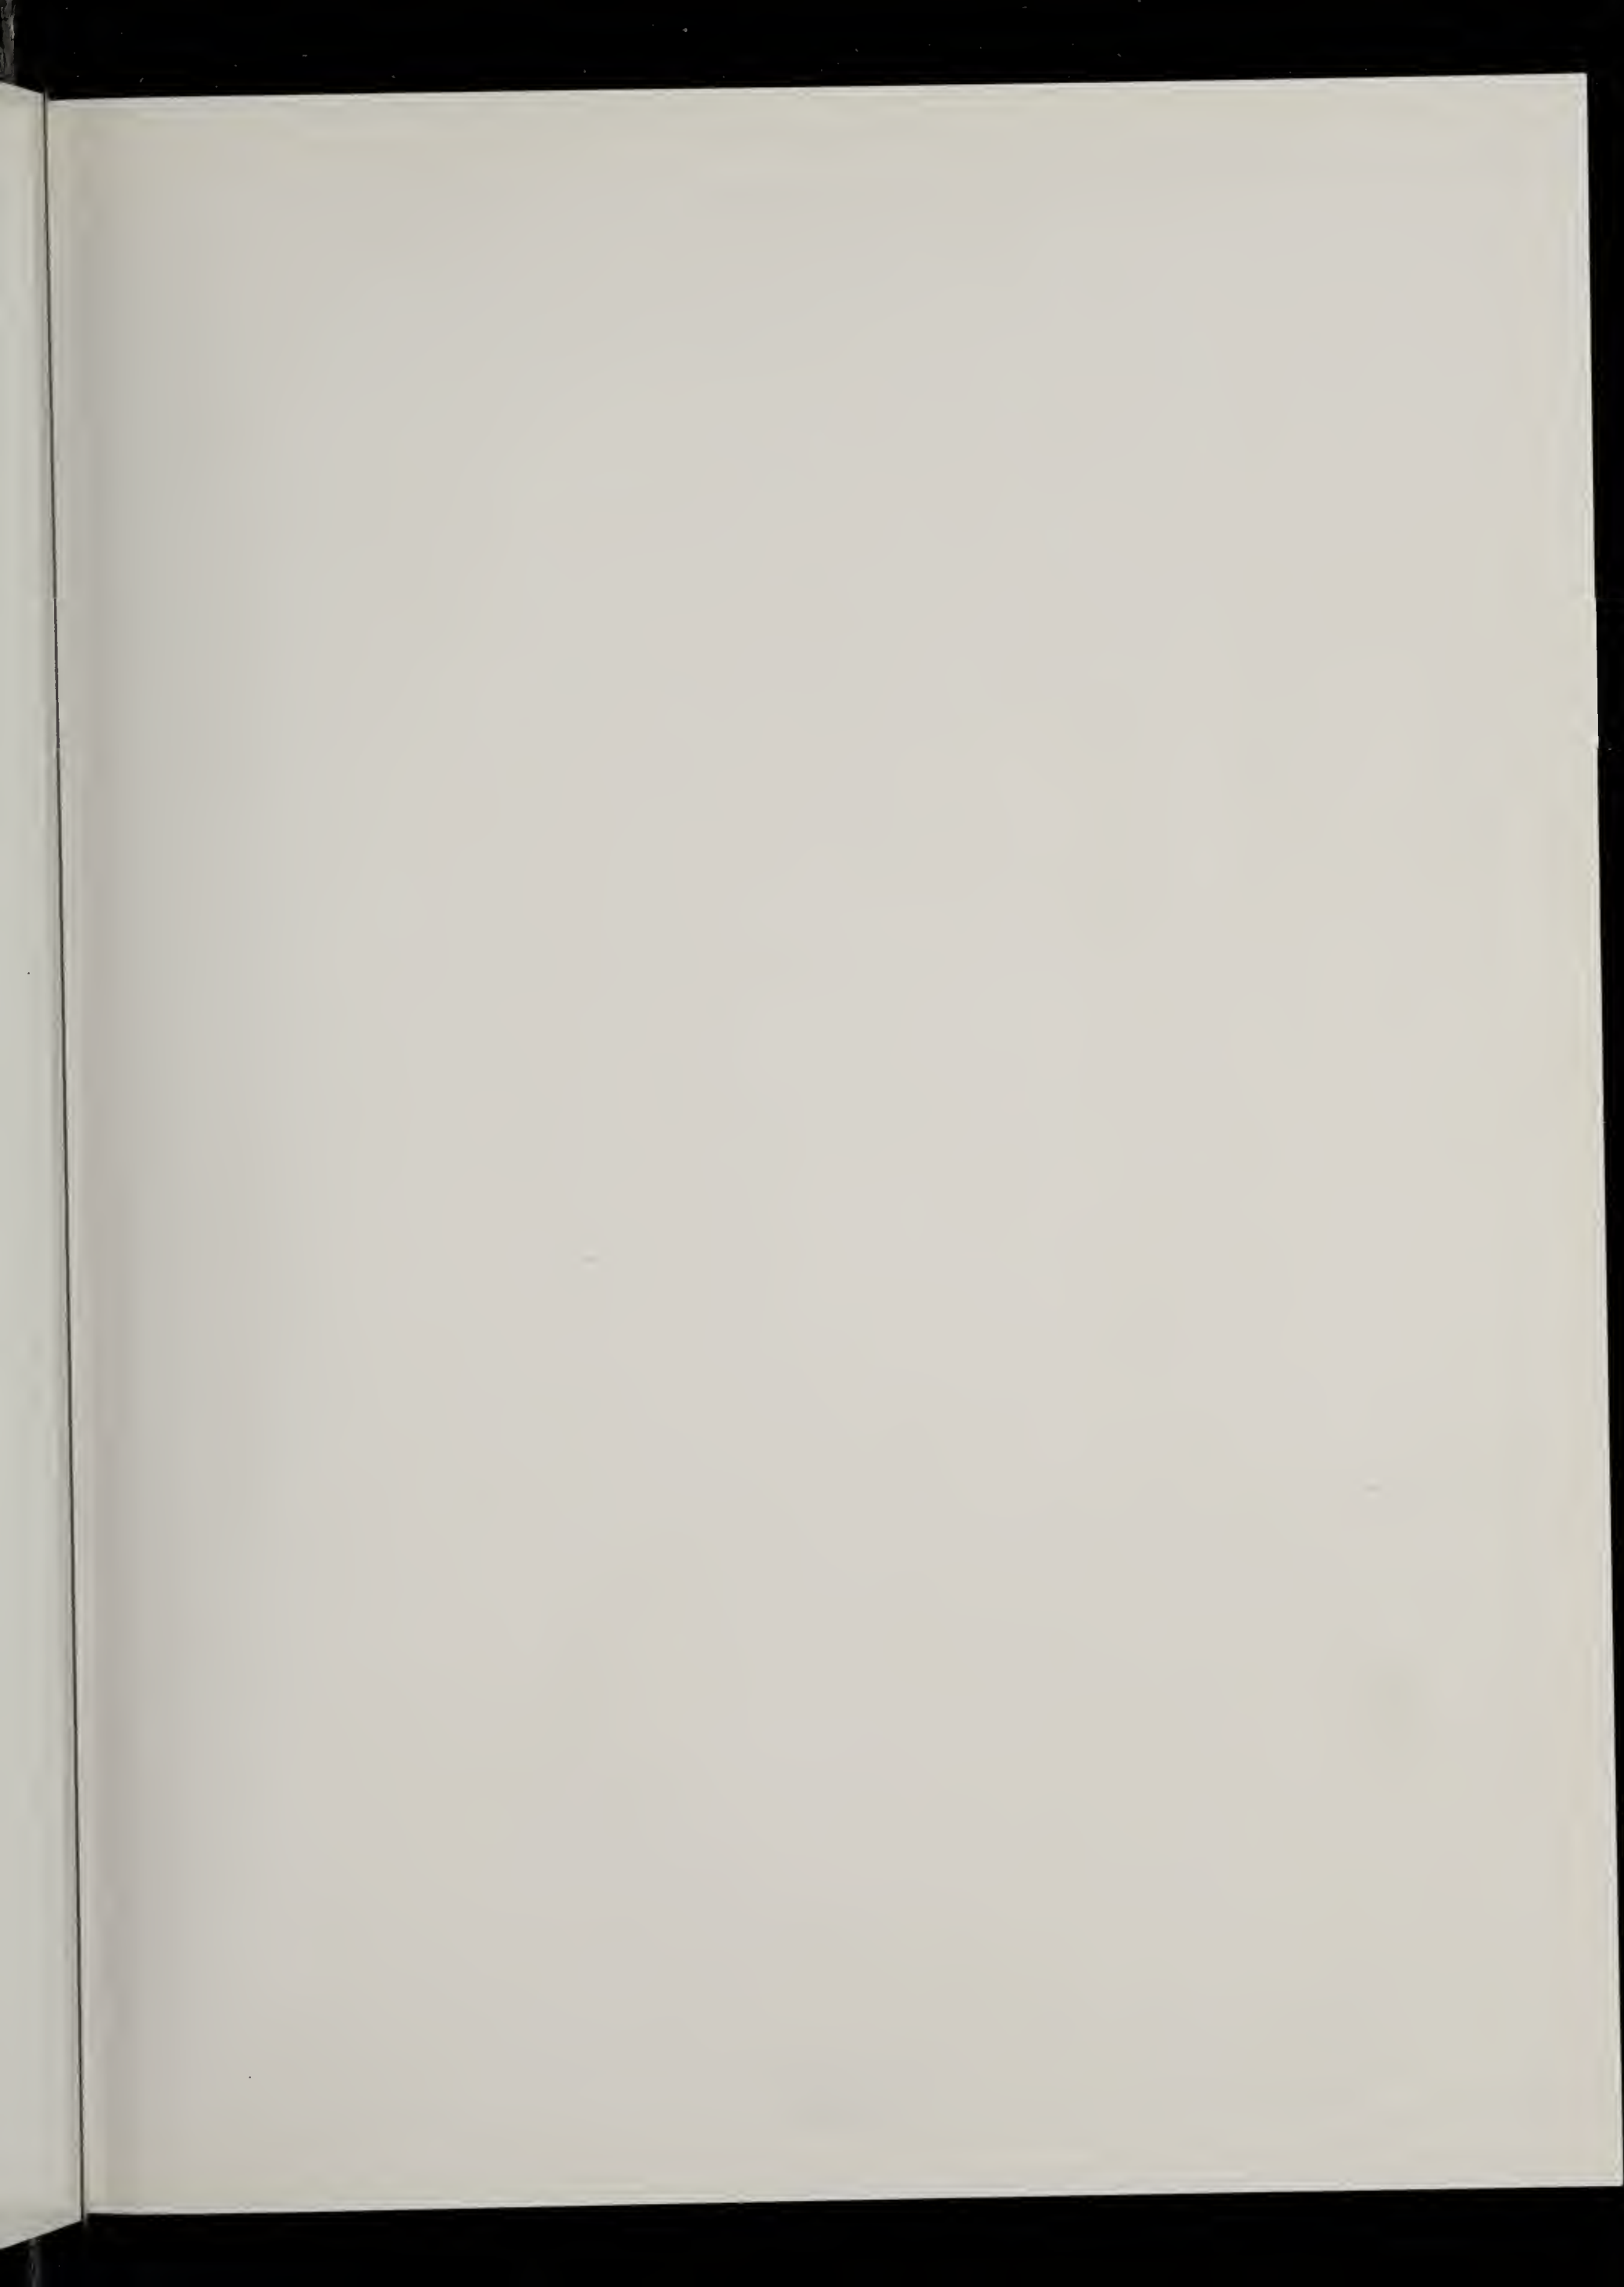

The 2005-2006 school year is history. Many interesting and significant events occurred during that time and the *Euclidian* tried to cover as many of them as possible. This was difficult due to the limited staff and the many events taking place in the different schools. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but this is a single printing of a high school yearbook and errors will occur.

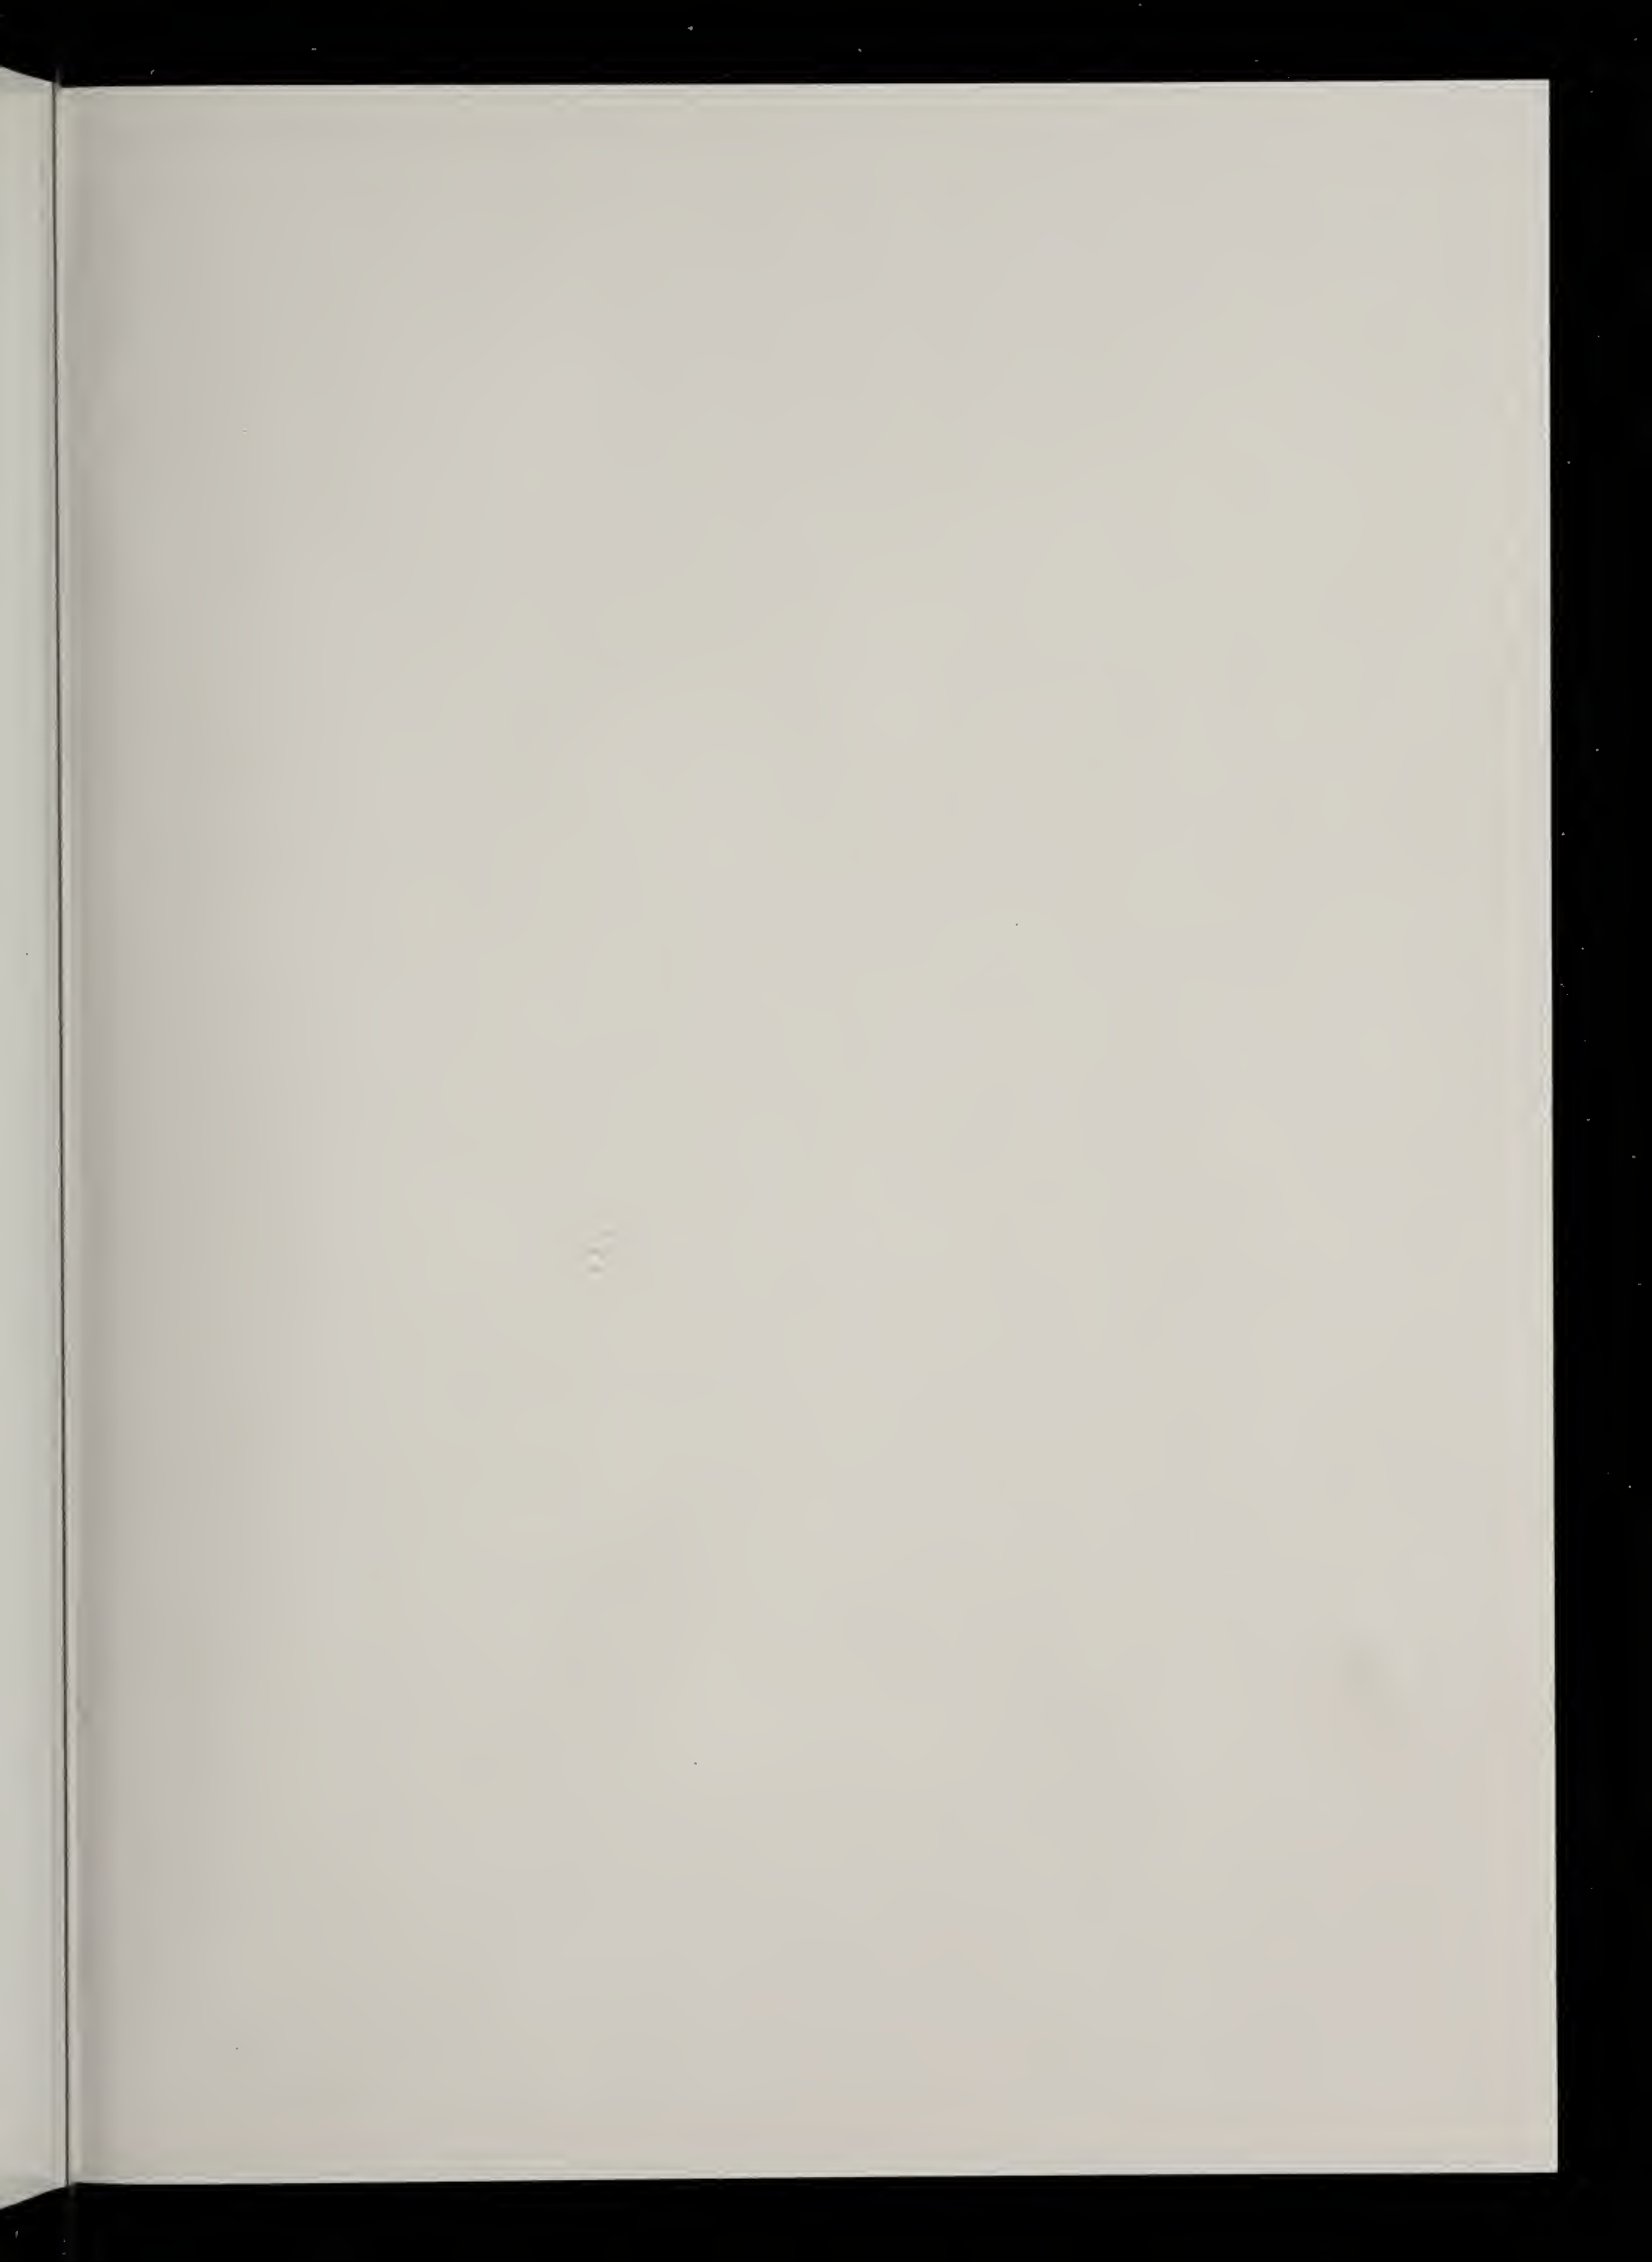

The Homecoming candidates were introduced to the fans before the Homecoming game began.
